

PRORATING POLICY

Tennis Yukon Association is committed to being as accommodating as possible to facilitate people's participation in Tennis Yukon programs. We do, however, need to responsibly cover the costs of the coach and facility when running programs.

Once a class has enough people to cover the costs of the coach and facility, we will consider requests for prorating for those who would like to attend but cannot make all the scheduled classes. The rate will be a per class rate equal to that which people are paying per class for the full schedule. Until a class has enough people committed to cover the costs, we cannot consider requests for prorating. Tennis Yukon has to undertake the costs of the coach and facility, and only once these are covered will a program go ahead, and subsequently, will a program become available for payment on a per class basis.
